PROFILE

I have been programming since I was in seventh grade. Programming has always been a passion of mine since then, and I always work towards improving my skills. I go to Clovis West and CART (The Center for Advanced Research and Technology). At Clovis West, I took AP Computer Science Principles my freshman year, and I am now taking Computer Science A this year. At CART, I am currently taking Web Development which counts as a dual enrollment class through the State Center Community College District

SKILLS

- Web Design
- Figma
- CSS
- HTML
- JavaScript
- Team Work

EXPERIENCE

- Worked at football games multiple times (Sales and ticket processing)
- Participated in "Reading Buddies" for AVID which is a program in which high schoolers help elementary schoolers with class activities.

EDUCATION

Clovis West
